# *Bridal Package*

Take time before your wedding day to try on your look and take some bridal portraits! I will be with you to help perfect the look, find your best bridal angles, and feel pampered and utterly *bridal* before your wedding!

## ***The Prep***

This is the best day to try out your hair and makeup for your wedding day whether you're practicing your own skills or scheduling your hair and makeup trials. And don't forget about the little things! Treat yourself and get your nails done and ring cleaned-- *it's the details that make it!*

## ***Location***

You have some location options too! Most venues offer a few hours time on a day before your wedding for the sole purpose of bridal portraits. When it's not included, you can often book time with your venue to do this. Other options include booking a local studio (I have fav recs!) and taking it out into nature! Just remember all venue/studio rental costs as well as park entrance, parking fees, and other costs like these come at cost to the client,

## ***The Shoot***

I recommend bringing your #1 hype woman to this shoot with you! You don't need all your bridesmaids, but you do need one friend or mom or someone who will make you feel beautiful, help carry your dress, and fix your lipstick while we make magic happen!

Reach out if you have any questions!! I'm your gal and wanna give you the dreamiest bridal experience!
