Engagement Package

The perfect time to show off your new ring, your future partner, and your dreamy love!

The Prep

Coordinate your best fits and show off your pre-wedding style! With my editing style and favorite looks, I suggest sticking to neutral colors and black and whites for your wardrobe. Don't be afraid to dress up! Treat yourself and get your nails done and ring cleaned-- *it's the details that make it!*

Location

You have some location options too! You can book a local studio, (I have fav recs!) take it out into nature, visit a memorable place to your story, or a popular downtown spot! Just remember all venue/studio rental costs as well as park entrance, parking fees, and other costs like these come at cost to the client,

The Shoot

I recommend showing up at least 10 minutes early to get settled before we start shooting. I have a massive bank of poses to choose from for y'all so no fear of running out of ideas! I will always recommend shooting at sunset/sunrise to get beautiful golden lighting but I will work with whatever timeline y'all are on.

Reach out if you have any questions!! I'm your gal and wanna give you the dreamiest engagement experience!
